

A; Read the paragraph and answer the questions

Hunter– Gatherers moved from place to place .There are many reasons for this.

First,if they had stayed at one place for a long time, they would have eaten up all available plants and animals resources.

Second: Animals move from pace to place either in search of smaller prey, or, in the case of Deer and wild cattle,in search of grass and leaves.

Third: Plants and trees bear fruit in different seasons.So, people may have moved from season to season in search of different kinds of plants.

Hint: Hunter gathers are the people lived in the subcontinent as early as two million years ago.
